UNLOCKING FRESHNESS IN AN INSTANT

Queuing for drinks as people fumble for the correct change can be a thing of the past. The KLIXKEY® cashless system can eliminate the need for cash in every machine you have, improving reliability, convenience and security. You can also fit the KLIXKEY® system to other vending machines.

*WITH YOUR KLIX® DRINKS
SYSTEM, YOU CAN HAVE KLIXKEY®
VENDING AS STANDARD
IT COULDN'T BE SIMPLER.*

- ✓ Allows you to budget free drinks allocations
- ✓ Provides free and discounted drinks options
- ✓ Allows you to reward your people
- ✓ Saves staff carrying coins
- ✓ Improves speed and accuracy of cash collection
- ✓ Fully compatible with a range of other vending machines

You can choose to load cash directly onto your key at the machine, or you can have a separate charge point which provides additional benefits and security.

Most importantly, you decide the prices and discounts you offer to different people. Hospitality keys can be offered to visitors, with either a selected number or unlimited free drinks on each key. And with KLIXKEY® it's easy to keep track of your vending through the accurate audit facility.
